Sealed tenders are invited from the Contractors for transportation of coal and coke received through Railway waggons either at Bangalore City Railway Station or at Yeswanthapur Railway Station to the Government Porcelain Factory premises. The tenders should be superscribed as "*Tender for Unloading, Transporting and Stocking of Coal and Coke in the Government Porcelain Factory Premises*" The coal and coke is arranged to be obtained for resale on the basis of the permits issued by the Director of Industries and Commerce in Mysore, Bangalore, for the period ending 30th April 1954. The total quantity to be transported up to that period will be approximately about 132 tons of coal and 220 tons of coke.

Quantities noted above are approximate and the period may also be extended till such date as the undersigned feels it necessary and not extending beyond 31st March 1955, when fresh tenders will be called for from 1st April 1955.

Rates per ton should be tendered for transportation of coal and coke from the above two stations, separately, which should include the cost of unloading from the waggon at the railway yard and transporting to the factory and getting it weighed at the weigh-bridge of the factory and finally stacking at the factory premises under the supervision of the weigh-bridge clerk and subject to inspection by the Stores Officer.

The transporting contractor shall be held responsible for any demurrage or penalty for not transporting in time and is expected to work under the supervision of the Railway clerk and obtain from him particulars of waggons consigned to the factory and the R/R weight, etc.

All payments for unloading, transporting and stacking shall be on the basis of actual weight per ton obtained at the factory weigh-bridge.

The weigh-bridge at the factory can weigh at a time only 5 tons maximum. If the transport is done by lorry, the total weight of the lorry and coal and coke transported should not exceed more than 5 tons at a time. The intending contractor may come to the factory and enquire all the particulars in this connection with the Stores Officer of the factory and know the full details from him about weigh-bridge, etc.

The transport shall be confined to working days as far as possible and where it is necessary to ply the carts or vehicle on a holiday to the factory, the contractor shall intimate the same beforehand for according approval to it. Normally he shall ply as many vehicles as are necessary to confine transport to working hours.

The contractor shall tender his bills after the weighments are over. Payments will be made generally within one fortnight from the date of receipt of his bill at the factory.

A security deposit of Rs. 100 should be made by the successful tenderer before commencement of work but within three days from the date of acceptance of the tender, which will be returned after six months of the satisfactory completion of the work under this contract.
